In the Matter of  
Proposal for Creation of the Low Power FM (LPFM)  
Broadcast Service

FCC RM-9242  
To: Federal Communication Commission  
Reply Comments of Scott Koskinen

I am sick and tired of these big corporate radio stations who are accountable only to their stockholders and not to the public. I am sick and tired of their monopolizing the public airwaves. I agree with the comments made by Americans for Radio Diversity about RM-9242: that one watt is insufficient for community radio: that owners should be required to live near their stations: that there should be a limit to the number of stations any one person can own: that these stations should be required to provide local content: and that the FCC should respect the 1st Amendment rights of and stop the persecution of currently unlicensed community broadcasters.
